Stockholm, Sweden

YOUTH ENTREPRENEURSHIP FOR SUSTAINABILITY (YES)

It is a partnership project between Sweden, Romania, Lithuania, Greece, Turkey, Poland, Czech Republic and Latvia.

The Organization for Poverty Alleviations & Development (OPAD) is passionate about raising awareness of social entrepreneurship and empowering young people. We have been involved in a number of domestic and international projects focused on youth entrepreneurship. Social & Solidarity economy are growing areas of interest and activity with varying interpretations across Europe. The European Commission has identified this sector as a key area of growth that has the potential to solve many of the challenges faced across Europe and particularly youth unemployment. To enable young people to engage in the social and solidarity sector we need more organisations supporting young people to obtain the necessary skills and competences to deliver entrepreneurial training/activities.

Aims:

- As per the Social Entrepreneurship & Sustainable Development Youth Exchange, with a focus on the Solidarity Economy:
- develop knowledge of examples of solidarity economy initiatives & its principles

Youth Exchanges will be facilitated by the Youth Leaders, with support from OPAD Staff

Hello everyone!

I am Andrea and together we are going to explore the 3 key concepts of this project: entrepreneurship, sustainability and the facilitation process.

I am working in the entrepreneurial domain for some time now and I have started delivering trainings for youth as I like sharing what I have already learnt. Together with you we will enlighten a bit this topic and see what we as youth can do for our communities.

I would like to ask you to invite your other team members and to share few things about yourselves as well.

I'm glad to meet you all! 😊
