

## POSITIVE VIBES : 14 October to 14 December 2019

Hey Morgane ! How are you ? I want to share with you some news about me and my EVS. I'm in Leszno since the 14 of October and I really feel good. Leszno is cute, we are a good team and the mission is really interesting. Our coordinators are really patient, helpful and disponible for us.

### LESZNO

This my apartment. One kitchen, two bedroom and a bathroom. It's small but cute and clean, we live well. I live with one turkish girl called Hilal, one azerbaijani girl called Gulay and one ukrainian girl called Kate who my roommate.

This is the center of Leszno, it's colorful, it's cute I like it. And this other picture is one of the park of Leszno.

### VOLUUNTEERS

This is all the volunteers for the two months. There is 5 long-term volunteers two.

This is all the volunteers with our mentors during the welcome party

This my mentor called Jagoda, she is so kind and really helpful. We have a good feeling and we often speak together to know if everything is ok.

This is Michel, a french voluunter. It's a long term voluunter. It's funny because in France he live just one hour from my city, so we have the same way to live, the same french expression. We have a really good feeling and I really like sometimes to have someone who speak the same language as me.

This is Kate my roommate who is Ukranian. We are born the same day 25/02 and we are passionate about dance so she is the perfect roommate. We have the same way to live in our bedroom, we know when one of us is in a bad mood or need a moment alone so that's really good. Also she is funny. I really like her.

## WORKSHOPS

These pictures represent one of the activity I did with childrens in a school of Leszno. It's one of our mission. We have to prepare some activity to do with childrens. I really like this school, these childrens, they are so cute and I like the way that they are enthousiastic to do our activity. I like also to prepare my activity before because I have to analyse, to think about wich activity I can create to catch the attention of the childrens. And I like the way like if my activity is bad I have to improvise.

This activity was about Halloween, we made bracelet with paper. I really liked this activity because I think it's a good activity to work on the imagination, creativity of the childrens and the manipulation of scissors etc. They were so happy.

This is Djedje, a little cute boy who came to our cooking worshop for halloween. He was so kind and happy to cook with us. I realise that I like to teach childrens how to do something with us.

We also did a european youth picnic on the 23 of October but I don't have pictures of this events yet. My mission was to prepare a french activity. This day was good but my activity was not attractive enough.

**TRAVELS (next travels : Pragues, Cracovie, Varsovie, Auschwitz...)**

This is me in Poznan, a cute city near Lezno (1 :30). I really liked this city. We went there on the 26 of November.

This is me in Wroclaw on the 27 of October. Wroclaw look like Poznan but it's better. It's a old city with lots of charism, colorful with beautiful monument, chapel... I really feel good in this city.

BERLIN ! We went to Berlin on the 2 and 3 of November because it's not so far away Leszno so that was the opportunity to go.

I'm in love with this city. Look like Paris but maybe better. All people speak english. There is so much different origins. People are open-minded. It's a beautiful city even it was rainy.

To finish I want to show you Federica and Andras who are my acolytes, the persons which I am always with, always speaking, always laughing. We can understand each other without speaking. I love them and I'm really happy to have them in Lezno. Big love <3

**So everything is ok for me, I enjoy my life, my work. I hope everything is ok for you too. Thank you for everything.**

**PS : New french volunteers just arrive on the 1st of November. That's cool.**

**Kind regards,**
