“Search for your partner ”

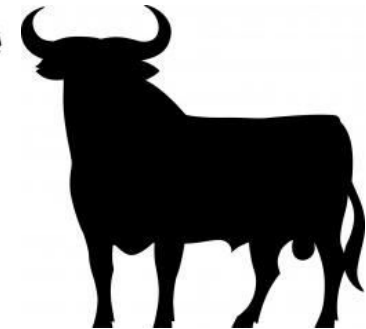

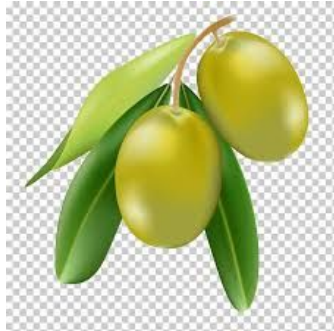

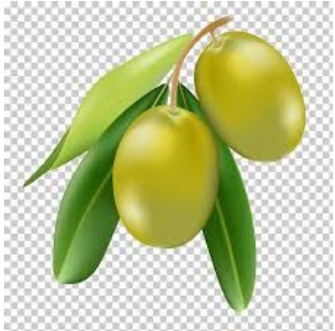

You need cards with drawings from Spain & Argentina. The number of cards will correspond to the number of your students, that is, if you have 20 children, you must make 20 cards. You must make pairs of cards, for example, 2 cards ..., etc.

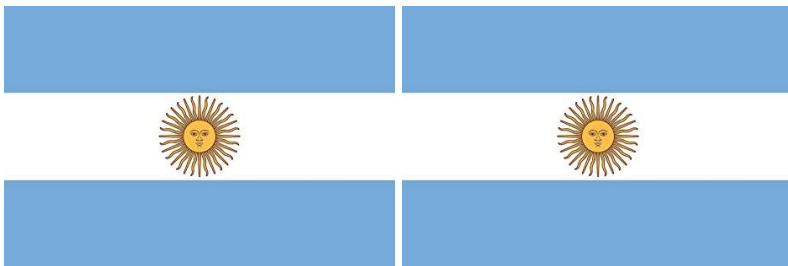

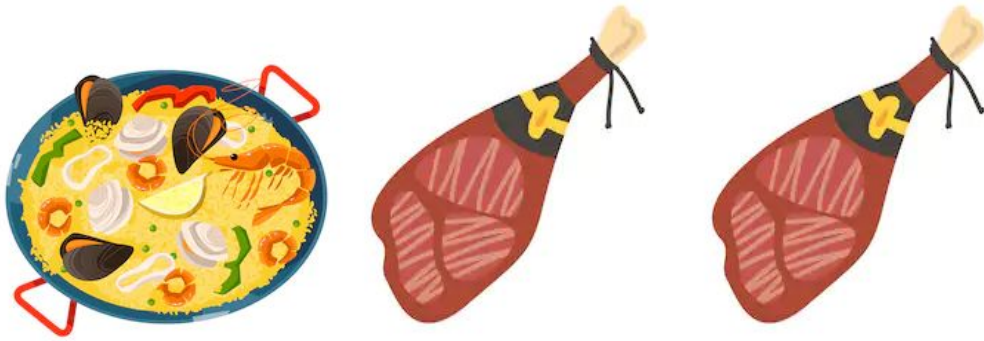

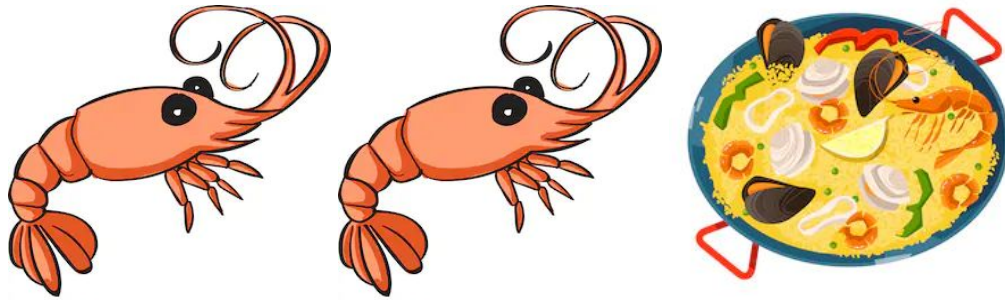

In this activity you will occupy the whole room or playground and the children will be dispersed, hand out a card to each child and ask them not to see it until you indicate it, once you tell them they can see them, they should look for the Your card's partner, when they find their partner, will be presented with the group.

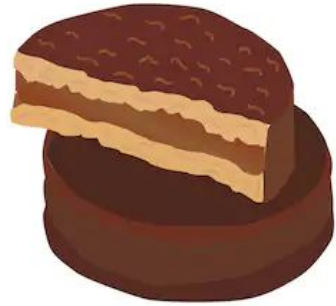

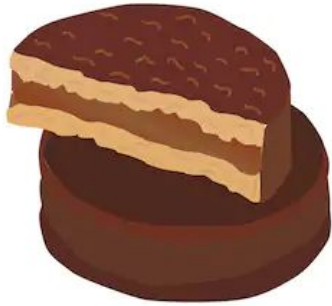

Workshop for children :

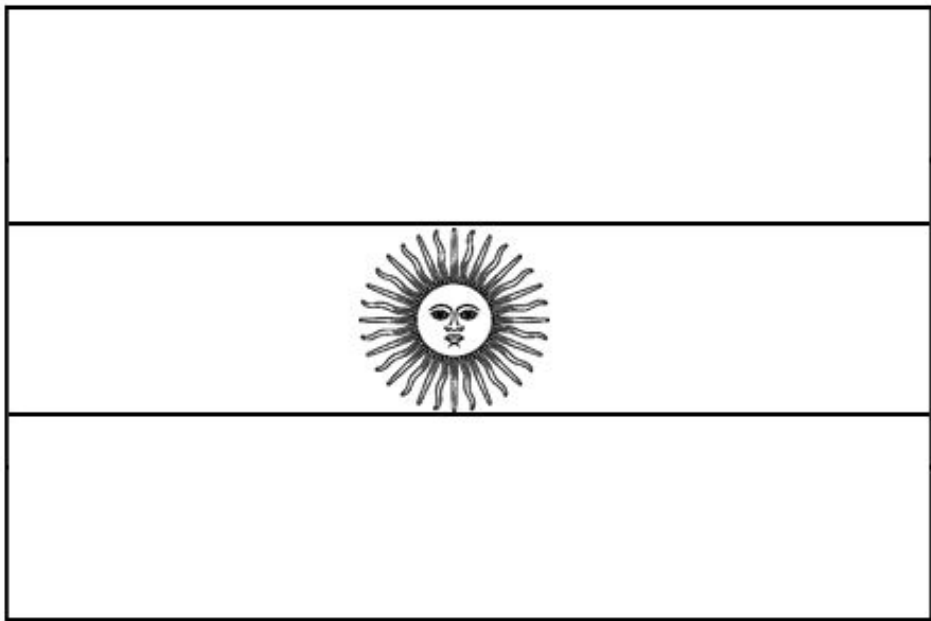

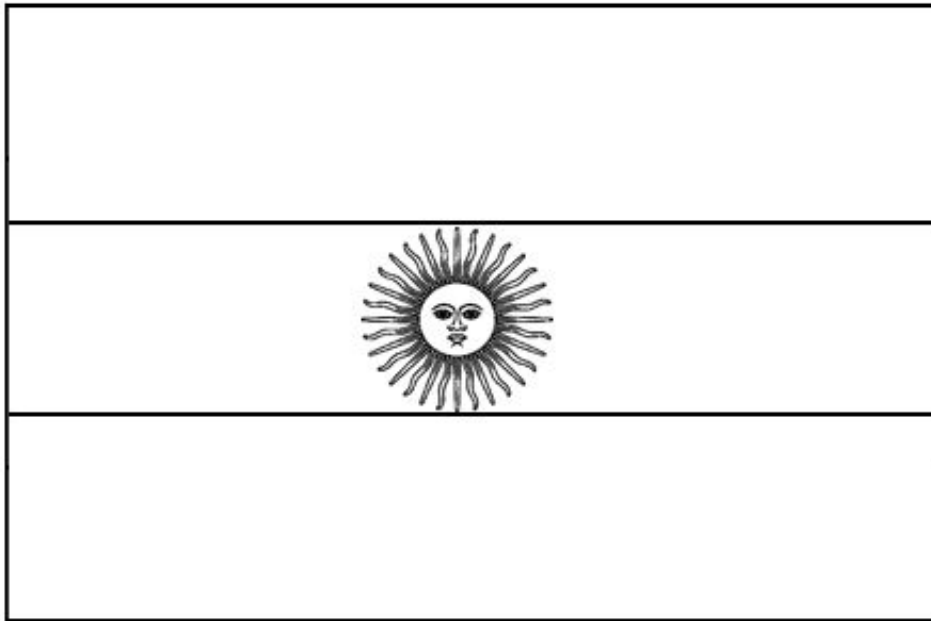

Create your own MATE cup from Salt Dough and decorate it.
