## WHO WE ARE

Hellenic Youth Participation (based in Athens, Greece) stands for intercultural dialogue, non-formal education, mutual understanding and solidarity. The main aim of the group is to promote human rights through non-formal education and experiential learning. We train different age groups (teenagers, young adults, parents and teachers) in order to inspire and stimulate European citizens to become active parts of their local and European community. We wish to motivate them to become involved and to raise awareness about current values like equal opportunities, social inclusion and cultural diversity.

All of our actions focus on personal and professional development and youth activism through experiential, diversified and non-formal activities at a local, national and international level.

We organize youth exchanges, educational programs, EVs, internships abroad, educational excursions, seminars, groups and activities in the city.

together we go further..."***

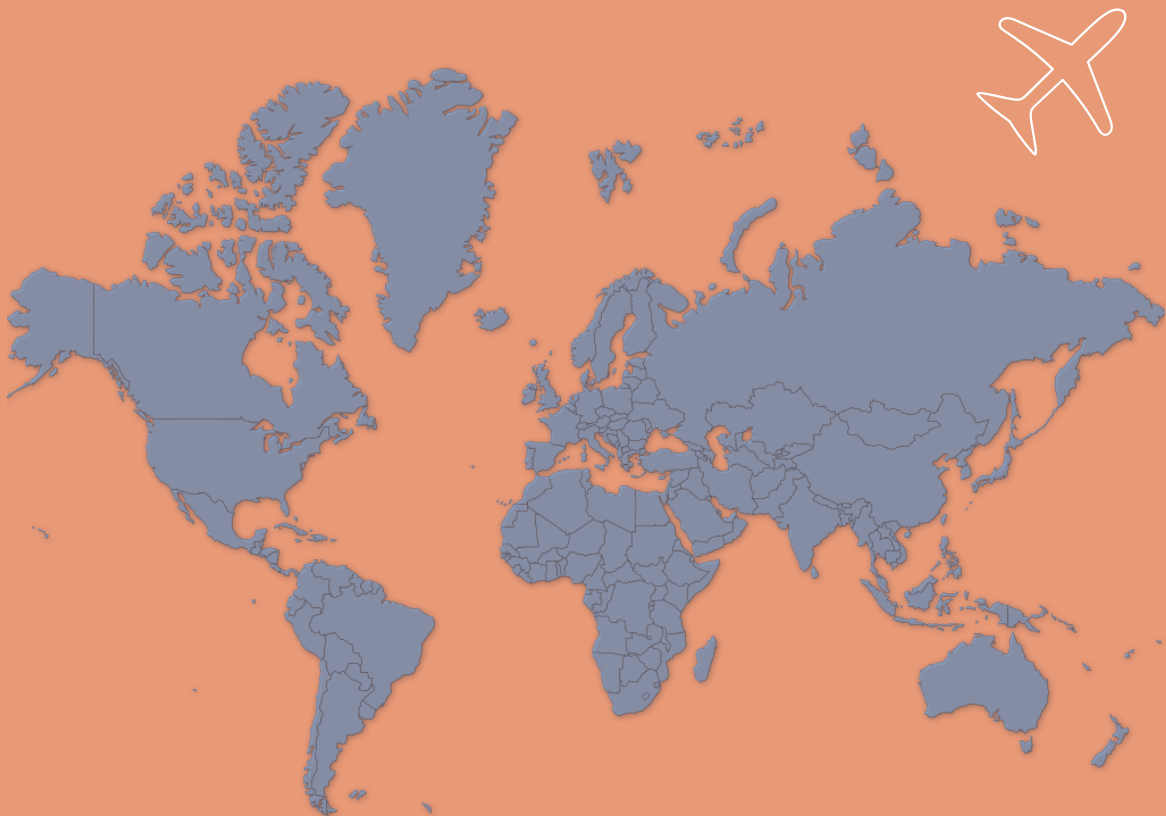

## BASIC PROJECT INFO

- 6 Months (180 days) 1st August 2020 - 28th January 2021
- 6 Months (180 days) 1st February 2021 - 31st July 2021

3 volunteers: Italy - Poland - Spain (for each period)

Travel budget is 275 euros for each volunteer to cover the travelling cost from their country to Athens.

# PROJECT ACTIVITIES DESCRIPTION

1. Organizing and implementing activities to promote volunteering, ESC and Erasmus +. Volunteers will carry out promotional / informative meetings on the programme presenting the programme, its benefits, the experiences of volunteers, the conditions, etc. Specifically, we will reach out to young people to inform them about the ESC platform and encourage them to activate their profiles on it. A discussion has already been held with organisations and radio stations to promote these activities.

2. Organizing non-formal learning activities (seminars, events, local actions) on topics such as solidarity, education, human rights, social entrepreneurship, European opportunities, intercultural dialogue, etc.

3. Creation of audiovisual material to achieve the dissemination of the programme and its promotion among organisations, appealing to the youth of Greece and of abroad (the material will be in both Greek and English and possibly in the language of the volunteers) in order to involve them more in local projects.

4. Planning outdoor activities in open spaces, parks and near universities etc. to engage young people with nature through experiential learning.

# PROJECT ACTIVITIES DESCRIPTION

5. Projects with local organisations working with children and young people from disadvantaged backgrounds aiming to enhance their actions and foster a sense of solidarity (organisations we work with: Streetlights, Mosaico House, Archipelagos). But also with municipalities (Athens and Vrilissia) where our volunteers set up workshops on the aforementioned themes for young people aged 13-30.

6. Outreach projects through which volunteers choose to organize a campaign of their choice to offer to people in need.

7. Creating press releases presenting the results of the programme and informing young people about the projects that have been implemented and the ones that will follow.

8. Non-formal learning activities with people who have participated or will be participating in Erasmus + programmes through HYP.

9. Final event promoting the programme and volunteering. In the final part of the programme, there will be an event where young people will be invited to share their experiences with other young people.

10. Office work. Volunteers will strengthen the organization.

The logo for Volun Athens is centered within a teal circle. It features the word "Volun" in white, with a yellow and white graphic element resembling a stylized 'V' or a lightning bolt behind the 'V'. Below "Volun" is the word "Athens" in white, with a yellow and white graphic element resembling a stylized 'A' or a lightning bolt behind the 'A'.

# MAPS AND GUIDES OF ATHENS

For buses and transportation in the city, it is useful to download the application OASA telematics. You will find all the bus numbers, the locations of bus stops and the time of each bus line.

Here is a useful guide, made from previous volunteers, for interesting locations and tips to explore Athens:
