Protect the  
environment and  
wild life

Act as a  
Coordinating  
Organization

Main Focus  
on  
Sea Turtles

# Weekly Activities

- Meeting the mentors and project coordinator discussion
- Cleaning the coast when the turtles lay off their eggs
- Preparing media about enviromental support
- Meeting with local people and do informative activities
- Prepare and develop informative workshops

## Summer :

- Help mama turtles to have their babies safely
- 2 groups (10:30 - 3:30 / 0:30 - 5:30)
- Help baby turtles to reach the sea

## Winter :

- Create social awareness about ecological issues
- Work with local kindergartens, schools and high schools.
- Maybe, visit the recycling factory and turtle hospital

## Turkish Lessons:

3 hours per week. Mainly focus on learning the basics and some Turkish culture

## Intercultural Evenings

The volunteers will have this activity to show the others their own cultures

LEARNING  
PROGRAMS

# TRAVELING AND CONDITIONS

Food and Travel cost are calculated by the TNA (Turkish National Agency)

- Volunteers have budgets for their food and common need for the flat
- There are already 2 flats which have to be shared by the volunteers.
- Rooms also have to be shared, mostly by groups of 4.
- If any volunteers have personal food preferences (vegetarians, vegans...) they have to buy it separately with their own budget
- Flats are full equipped
- Volunteers have to cook the food for all the other volunteers 2 by 2 on each weekday.
- Pocket money: 4€ given monthly or weekly.
