General information about the project

We are half way through the project and this is what is still coming:

Dissemination workshop in the local environment

If you still need to do it, you are asked to organize a two-hour graphic facilitation workshop for your staff and people working for other local/regional organizations linked to yours. In doing so, you will promote and share the content and methods you learned while gaining practical experience in how to put the content into practice.

"Follow up" training (8 days): 29. 4. - 6. 5. 2023 (Slovenia)

Our last activity is to deepen our knowledge and prepare final products to help us to disseminate.

Venue in Celje

Accommodation will be provided at Saint Joseph Home. It is located on a small hill near the old city centre called Joseph Hill. This hill is marked by a baroque church, built by the residents of Celje as a gratitude gesture for the cessation of pestilence in 1681. The church soon became a popular pilgrimage point. This place has the option to host up to 200 people at the same time.

Participants will be accommodated in double rooms with a private bathroom. There are also meeting rooms, conference halls, a big dining room, and a spacious outdoor place. All the meals – breakfast, lunch, dinner, and two coffee breaks, will be provided at the location.
